

March 19

Dear Diane:

This credential business appalls me! If there is anything I can do to help, please let me know. How this credentials committee makes its decisions and what yardstick it uses as a quote are beyond me!

Are you aware that at Mr. Welchel, who taught at W.C. last year lost his job with us because he
① didn't know his subject ② refused to cooperate with the

Math department and school in general, and
③ was extremely prejudiced toward promising Negro students (he is himself Negro). Then he shot a man last summer because the fellow owed him money. He still has his credential & is teaching in Stockton. Apparently his acts do not constitute "moral ~~stupidity~~ stupidity, and immoral and unprofessional conduct — — — and yours do?"

I am so angry at this business that I just might consider

a "sit-in" myself -
on the doorstep of the
credentials committee.

Sincerely,
Judy Pains
(West Campus -
formerly of Garfield - 1963-4)
